Round score:

Final score:

Rules:

- Reveal letters and write them in the grid, one at a time
- Reveal a number for the target word length
- Start a timer for 2 minutes
- Write down a word that uses the letters along each line shown
- Letters must appear in the word in that order, left to right
- The middle square is a wildcard and can represent any letter

Scoring:

- 2 points for a word with letters in the correct order
- +1 point if it starts with the first letter in the line
- +1 point if it ends with the last letter in the line
- +1 point if it is the target length
- Max 5 points per word
- Max 40 points per round
